lifeguards

We've all seen **lifeguards** in action

They concentrate their efforts and
together search for that one person
who has gone missing in the surf

life or death
It's **life** or **death**

What would you say if a person was
drowning in the ocean

scream
they **scream** for help as they
desperately struggle to keep their
head above the crashing waves

the lifeguard sees them but
makes **no move**

The lifeguard stays in the
lifeguard station
enjoying the company of the
other lifeguards

What if we were the lifeguards?
